

EduRING: Create your digital education record

Send & receive **academic records**

Digital **student card**, available on and offline

Notification blasts to your students and alumni

Share basic **medical information**, such as allergies

Why EduRING?

Allow your students and alumni **easy access** to all their academic records in one secure, easily accessible location

Create a **sense of community** through school-wide or targeted notifications

Digitise many of the paper-based processes, decreasing printing and postal costs

Access to important medical information in the case that an **emergency** occurs on campus

Have information you want to share with your students and/or alumni?

Notification blasts
